Sent by Email

Dear Garry,

As a Community Group, NDACT could not be more grateful for your efforts as our Community Trusted Consultant. For over 3 years now, you have diligently worked on the file, educated NDACT and Strada on the pitfalls of such an application and you have done it selflessly and with great candor.

At this time, NDACT's goal for clarity on the Application has been achieved and we no longer require your services.

With gratitude, we wish you success in your future endeavours and look forward to seeing you at the Strawberry Supper.

Carl Cosack
NDACT Community Liaison
